

Bilingual German/English Hut Booking Form for OeAV, DAV, AVS and most SAC Huts

NB This form is primarily intended for a group booking for several days in one hut.

It is not customary, or advisable, to book places in huts when going on a hut tour because even just one day of bad weather could completely disrupt your booking schedule.

Normal and accepted practice is that on arrival you should sign the hut book and make your accommodation needs known to the hut guardian. They may not allocate sleeping spaces until say 17.00hrs. Members should receive priority before 19.00hrs; however it is as well to plan your itinerary so as to arrive at the hut by the mid to late afternoon.

Even if you think you have booked a bed, rather than a Matratzenlager space, you may not get one. The hut guardian will make the final decision on the day. **But** they will put members up somewhere, *even if it is only on the floor*, if the hut is more than 1.5hrs walking time from a road.
